Student Instructions

This form is in writeable PDF format and may be filled in on-screen by the student, then printed and signed by the administrator and the student. Amounts entered will calculate automatically.

To receive a program extension of more than one year, the student must show financial resources for at least one calendar year, which includes living expenses for the summer. To receive a program extension of less than one academic year, the student must show resources for the remaining length of the program.

Support may come from several sources:

- Financial support provided by the University of Chicago should be listed by the administrator on page 2 of the AFR. If it is listed on page 2, no further documentation is needed. The administrator's signature certifies that the amount of support stated in this form is granted to the student.

All other sources of support must be documented separately, and the documentation must accompany this form. Documents may be no more than 6 months old at the time this form is submitted. All such documents must be on letterhead and clearly show the name of the individual or organization providing the support.

- Personal funds:

A bank statement specifying the amount on deposit in your name.

A statement from your employer, stating your salary and that it will continue while you are a student.

- Funds from family or other private sponsor or from employer:

A statement from the sponsor indicating the amount and duration of support AND documents showing that these funds are available. OIA has a sponsor letter template here: <http://tinyurl.com/sponsorltr>

- Funds from an institution or government:

Award letter stating the amount of support and length of study to be supported.

Note: Create a shipping label via oiaeship (link above) so your document can be shipped
